Why invest?

- This global fixed income fund invests opportunistically across the spectrum of global government and corporate debt securities, of any quality or term.
- The fund is fully unconstrained which allows the managers to explore all asset classes and credit qualities of the global fixed income universe to uncover and deploy their "best ideas" for investors. Portfolio construction is a collaborative effort between the US, UK and Asia teams, analysts and traders.
- Active currency management employs strategic positioning (intended to capture medium to long term currency trends) and tactical positioning (intended to take advantage of short-term volatility and dislocations).

Performance

Growth of \$10,000 since inception⁸

1. On June 28, 2013 the Manulife Strategic Income Opportunities Fund was converted from a closed-end fund and renamed the Manulife Global Tactical Credit Fund. On April 6, 2018 the Manulife Global Tactical Credit Fund was renamed the Manulife Global Unconstrained Bond Fund. On April 20, 2018, the Manulife Asia Total Return Bond Fund merged into the Manulife Global Unconstrained Bond Fund. On May 25, 2018, the Manulife Emerging Markets Debt Fund merged into the Manulife Global Unconstrained Bond Fund.
2. Formerly Manulife Global Tactical Credit Fund
3. © 2026 Morningstar, Inc. All Rights Reserved. The information contained herein: (1) is proprietary to Morningstar; (2) may not be copied or distributed; and (3) is not warranted to be accurate, complete or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information.
The Morningstar Rating, commonly referred to as the Star Rating, relates how a fund has performed on a risk-adjusted basis against its Morningstar category peers and is subject to change every month. Calculations are based on the funds in each Morningstar category to better measure fund manager skill. The Star Ratings as of May 31, 2026 for the Funds shown and the number of funds within their categories for each period are: Manulife Global Unconstrained Bond Fund within the Canada Fund High Yield Fixed Income category: 1 year period, n/a stars & 225 funds, 3 year period, 2 stars & 216 funds, 5 year period, 1 stars & 208 funds, 10 year period, 2 stars & 149 funds. Funds are ranked by their Morningstar Risk-Adjusted Return scores with the top 10% of funds in a category receiving 5 stars, the top 22.5% receiving 4 stars; a fund in the middle 35% receiving 3 stars; a fund in the next 22.5% receiving 2 stars and a fund in the bottom 10% receiving 1 star. The Overall Star Rating for a fund is a weighted combination of its 3, 5 and 10 year ratings. Overall ratings are adjusted where a fund has less than 5 or 10 years of history. Please refer to www.morningstar.ca for greater detail on the calculation of the Star Ratings.
4. All classes/series combined. Assets as at April 30, 2026.
5. The payment of distributions is not guaranteed and may fluctuate. If distributions paid by the fund are greater than the performance of the fund, then your original investment will shrink. Distributions should not be confused with a fund's performance, rate of return, or yield. You may also receive return of capital distributions from a fund. Please consult with your tax advisor regarding the tax implications of receiving distributions. See the fund facts as well as the prospectus for more information on a fund's distributions policy.
6. Distribution yield is calculated based on prior 12-month rolling average of paid distributions and using average month-end net asset value, per security. The distribution yield excludes any year-end capital gains distributions paid. Distribution yield should not be confused with a fund's performance or rate of return.
7. The average credit quality (ACQ) rating may change over time. The portfolio itself has not been rated by an independent rating agency. The fund's underlying investments (except for unrated assets) are rated by designated rating organizations. The ratings generally range from AAA (highest) to D (lowest). Unrated bonds, cash and equivalents are not assigned ratings, and are not included in the ACQ. ACQ does not necessarily reflect the credit and default risks of individual holdings and its potential impact on an overall portfolio. The risk of default increases as a bond's rating decreases, so the ACQ provided is not a statistical measurement of the portfolio's default risk because a simple, weighted average does not measure the increasing level of risk from lower-rated bonds. The ACQ may be lower if cash and equivalents are excluded from the calculation. The ACQ is provided for informational purposes only. Derivative positions are not reflected in the ACQ.
8. The "Growth of \$10,000 invested" chart shows the final value of a hypothetical \$10,000 investment in securities in this class/series of the fund without any withdrawal as at the end of the investment period indicated. This compound growth chart is for illustrative purposes only and is not intended to reflect future values or returns on investment in such securities.
9. The benchmark for this fund is comprised of the 75% Bloomberg Barclays Global High Yield Total Return Index (CAD) (the "Barclays High Yield Index") and 25% Bloomberg Barclays Global Credit Corporate Total Return Index (CAD)
10. Investors with a minimum investment in Manulife mutual funds, Manulife Private Mutual Funds and Manulife Private Investment Pools ("Qualifying Investments") of \$250,000, either in a single account or in the aggregate based on the total assets of a financial group, are entitled to receive a reduction in the management fees that apply to their Funds. Such reductions are paid in the form of a distribution to investors (first out of net income and net realized capital gains of the Fund and, thereafter, as a return of capital) and in the form of a rebate to Manulife Corporate Class investors. In both cases, the reductions are automatically reinvested in additional securities of the relevant series. The amount of the distribution or rebate, as applicable, is based on the aggregate amount invested in the Qualifying Investments and begins on the first dollar invested. A financial group includes all accounts belonging to a single investor, their spouse, their respective family members residing at the same address and corporate accounts for which the investor and other members of the financial group beneficially own more than 50% of the corporation's voting equity. Rates that are listed do not include applicable (HST). A basis point (BPS) is a unit that is equal to 1/100th of 1 per cent.
11. Holdings are subject to change. They are not recommendations to buy or sell any security.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the fund facts as well as the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. Manulife Funds are managed by Manulife Investment Management Limited (formerly named Manulife Asset Management Limited). Manulife Investment Management is a trade name of Manulife Investment Management Limited. Manulife Investments is a trade name of Manulife Investment Management Limited. Manulife, Manulife & Design, Stylized M Design, and Manulife Investments are trademarks of The Manufacturers Life Insurance Company and are used by it and by its affiliates under license.

The benchmark for this fund is comprised of the 75% Bloomberg Barclays Global High Yield Total Return Index (CAD) (the "Barclays High Yield Index") and 25% Bloomberg Barclays Global Credit Corporate Total Return Index (CAD)
