## Are there any guarantees?

This fund is being offered under an insurance contract. It comes with guarantees that may protect your investment if the markets go down. The MER may include a separate insurance fee that is charged for the guarantees. For details, please refer to the Information Folder and Contract.

## Who is this fund for?

This fund may be right for a person seeking a balance of growth and interest income and who is comfortable with the ups and downs of the equity and bond markets.

## How has the fund performed?

This section tells you how the fund has performed for a contractholder who has chosen GIF Series 2. Returns are after the FER has been deducted.

It's important to note that this doesn't tell you how the fund will perform in the future.

Also, your actual return will depend on the guarantee option and sales charge option you choose and on your personal tax situation.

## Average return

A person who invested \$1,000 in the fund and chose GIF Series 2 10 years ago has \$1,669.99 on December 31, 2025. This works out to an average of 5.26% per year.

## Year-by-year returns

Any values close to zero may not be visible.

This chart shows how the fund has performed in each of the past 10 years for a contractholder who chose the GIF Series 2. In the last 10 years the fund was up in value 8 years and down in value 2 years.

For illustration purposes only. Actual segregated fund performance could be expected to vary and will depend on the guarantee option you choose.

## How risky is it?

The value of your investments can go down. Please see the Information Folder for further details.

## How much does it cost?

The following tables show the fees and expenses you could pay to invest in or sell units of the fund, and will depend on the guarantee option and sales charge option you choose. The ongoing fees and expenses are different for each guarantee option.

### 1. Sales Charges

| Sales charge option           | What you pay                                                                                                                                                                                  |                                                                              |                                                                                            | How it works                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

\* **Deferred** sales charge options no longer allow new deposits, subsequent deposits, new or existing PACs or switches in from other sales charge options. Switches within the same sales charge option are permitted. Existing investments in these sales charge options will remain invested and the existing sales charge schedule will apply to any withdrawals.

### 2. Ongoing Fund Expenses

The fund expense ratio (FER) is made up of the management expense ratio (MER) and the trading expense ratio (TER). It includes costs such as management fees, insurance costs, trading expenses and operating expenses for the fund, and if applicable, any underlying fund(s). You don't pay these expenses directly. FERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your Information Folder and Contract.

| Guarantee option           | FER * | TER * | MER * | Management fee (%) | Fund fee rate (%) |

\* Annual rate as a % of the fund value

#### Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

### 3. Other Fees

Trading Fees apply to all guarantee options and sales charge options and are paid to Manulife.

| Fee                         | What you pay                                                                 |
|-----------------------------|------------------------------------------------------------------------------|
| <b>Frequent Trading Fee</b> | 2% of the value of units you trade for switches exceeding 5 per year.        |
| <b>Early Withdrawal Fee</b> | 2% of the value of units you sell or transfer within 90 days of buying them. |

## What if I change my mind?

You can change your mind about your investment in a fund within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You can also change your mind about subsequent transactions you make under the contract within two business days of the earlier of the date you received confirmation or five business days after it is mailed. In this case, the right to cancel only applies to the new transaction.

You have to tell us in writing that you want to cancel. The amount returned will be the lesser of the amount you invested, or the value of the fund if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid.

## Objective and Strategy

Unless otherwise noted, the investment objective of the underlying fund is the same or substantially similar as the segregated fund objective. Refer to the underlying fund Prospectus and/or the Investment Policy Statement (IPS) for the complete objective, strategy and risks of the underlying fund.

**Objective:** The Fund seeks to generate capital growth and income by investing mainly in Canadian equities with strong growth potential, high-quality Canadian government and corporate fixed-income securities, foreign equities, and high-quality U.S. government and corporate fixed-income securities.

**Strategy:** This Fund will invest in units of the underlying mutual fund or a substantially similar fund.
