How much does it cost?

The following tables show the fees and expenses you could pay to invest in or sell units of the fund, and will depend on the guarantee option and sales charge option you choose. The ongoing fees and expenses are different for each sales charge option.

1. Sales Charges

Sales charge option	What you pay	How it works
Front End Sales Charge	Up to 5.0% of the amount you invest	• You and your advisor decide on the rate • The initial sales charge is deducted from the amount you invest. It is paid as a commission
Low Load Sales Charge *	**If you sell within:** — **%** 1 year of buying — 3.00 2 years of buying — 3.00 3 years of buying — 3.00 After 3 years — 0.00	• The sales charge is deducted from the amount you sell • You can sell up to 10% (20% for RRIF tax types) of your units each year without paying a sales charge • You can switch to units of other funds within the same guarantee option and sales charge option without paying any sales charge. The sales charge schedule will be based on the date you invest in your first fund • Any sales charge you pay goes to Manulife
No Load Sales Charge	There are no charges to you.	Your servicing advisor may have to return a portion of the commission to Manulife if you sell units within the first 2 or 4 years from deposit, depending on the applicable chargeback schedule.

* **Low Load** sales charge options no longer allow new deposits, subsequent deposits, new or existing PACs or switches in from other sales charge options. Switches within the same sales charge option are permitted. Existing investments in these sales charge options will remain invested and the existing sales charge schedule will apply to any withdrawals.

2. Ongoing Fund Expenses

The fund expense ratio (FER) is made up of the management expense ratio (MER) and the trading expense ratio (TER). It includes costs such as management fees,insurance costs, trading expenses and operating expenses for the fund, and if applicable, any underlying fund(s). You don't pay these expenses directly. FERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your Information Folder and Contract.

Guarantee option	FER *	TER *	MER *	Management fee (%)
MPIP 75/75 Front-end/No-load	2.59	0.12	2.47	2.19
MPIP 75/75 Low-load	2.75	0.12	2.63	2.33
MPIP 75/100 Front-end/No-load	3.35	0.12	3.23	2.81
MPIP 75/100 Low-load	3.48	0.12	3.36	2.95

* Annual rate as a % of the fund value

Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

3. Other Fees

Trading Fees are paid to Manulife.

Fee	What you pay
Frequent Trading Fee	2% of the value of units you trade for switches exceeding 5 per year.
Early Withdrawal Fee	2% of the value of units you sell or transfer within 90 days of buying them.
