\* **Deferred** and **Low Load** sales charge options no longer allow new deposits, subsequent deposits, new or existing PACs or switches in from other sales charge options. Switches within the same sales charge option are permitted. Existing investments in these sales charge options will remain invested and the existing sales charge schedule will apply to any withdrawals.

### 2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund and, if applicable, any underlying fund(s). The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your Information Folder and Contract.

#### Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

### 3. Other Fees

Trading Fees are paid to Manulife.

Fee	What you pay
<b>Frequent Trading Fee</b>	2% of the value of units you trade for switches exceeding 5 per year.
<b>Early Withdrawal Fee</b>	2% of the value of units you sell or transfer within 90 days of buying them.
