Switches within the same sales charge option are permitted. Existing investments in these sales charge options will remain invested and the existing sales charge schedule will apply to any withdrawals.

2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund and, if applicable, any underlying fund(s). The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your Information Folder and Contract.

Guarantee option	MER (Annual rate as a % of the fund value)	Management fee (%)	
Ideal 75/100 Series	3.50	2.40	
Ideal 100/100 Series	3.88	2.40	

Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

3. Other Fees

Trading Fees apply to all guarantee options and sales charge options and are paid to Manulife.

Fee	What you pay
Short Term Trading Fee	2% of the value of the transaction amount if you sell or transfer within 90 days, in addition to any applicable charges.

What if I change my mind?

You can change your mind about your investment in a fund within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You can also change your mind about subsequent transactions you make under the contract within two business days of the earlier of the date you received confirmation or five business days after it is mailed. In this case, the right to cancel only applies to the new transaction.

You have to tell us in writing that you want to cancel. The amount returned will be the lesser of the amount you invested, or the value of the fund if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid.
